Authors note: This is my first poem and I'm not a poet. In case your wondering this poem is not supposed to rhyme. Please be kind, since this is my first poem. The syllables alternate, it goes 3,5,3,5 then 5,3,5,3. Thanks for reading! :)

What is real?

What is possible?

What are dreams?

What are fantasies?

—

When I first saw her

She smiled

And she walked over

My angel

—

I was cold

Very uncaring

So alone

—

She brought hope to me

She fought by my side

Together

No longer alone

My angel

—

She was gone

Lost far out in space

My heart ached

I had to rescue her

—

She was safe then

So was I

Only to lose her

Once again

—

Finally

She's here with me

In my arms

Now my angel's safe

—
